WORK EXPERIENCE

Software Developer Sr **The App Master, Buenos Aires, Argentina** **July 2018 – Current**

- Design scalable solution for projects applying paradigms such as DDD.
- Use .NET Standard class libraries to have a common layer structure for .NET Framework and .NET Core applications.
- Code Unit Tests and E2E Tests.
- Create web apps using VueJS for the front end and .NET Core for the back end.

Freelance Software Developer **Independent, Remote** **January 2017 – Now**

- Work remotely with software development teams of client companies and contract work in projects development.
- Create proofs of concepts and make Sharepoint sites fixes for SiderysBSN.
- Fullstack Development for the Portuguese Startup called iFarmacia. Using ASP.NET MVC, JQuery, SignalR, Firebase and making integrations with the Twilio API for the chat and video calls.
- Coded a Claim Management software for Falcon Tires (USA client) using VueJS as the front-end, Firebase Functions as the Backend, and Firebase Firestore as the database. Providing scalability and low hosting costs.

Software Developer Ssr **Hexacta, Buenos Aires, Argentina** **August 2017 – July 2018**

- Be part of a multidisciplinary team developing solutions for an USA-based client company.
- Improve SQL Server Stored Procedures to enhance performance in Production Environments.
- Work in legacy code developed in ASP.NET WebForms and apply non-breaking changes.
- Develop a new tool, for the client company, to make their internal processes more efficient. Implementing it using ASP.NET Core, Entity Framework, JQuery, Kendo UI, TypeScript, Sql Server and Azure.

Software Developer Ssr **GIGA IT, Venezuela** **June 2016 – December 2016**

- Work remotely with software development department of the client.
- Developed a new Front End for existing services. Using ASP.NET MVC and JQuery.
- Developed a new module to handle bulk loads from spreadsheets for an existing product. Implemented using ASP.NET MVC and OpenXML. Used Hangfire for long processes.

Software Developer Jr **Norkut, Venezuela** **February 2015 – June 2016**

Software Development Intern **Norkut, Venezuela** **April 2014 – November 2014**

EDUCATION

Systems Engineer **Universidad de Margarita, Venezuela** **October 2010 – November 2014**
(Ingeniero de Sistemas)
